College Roundtable, Green Industry Management Summit & Empire State Excellence in Landscaping Awards Ceremony **October 27-29, 2025**

Our Green Industry Management Summit brings together the “best of the best” of New York State’s nursery and landscape owners, leaders, managers and decision-makers. We decided to add to this event two other important elements of our industry: professors and students as part of our College Roundtable—and the honoring of the most talented and creative member-companies and professionals with the Empire State Excellence in Landscaping Awards. The bringing together of these three events offers a wonderful opportunity to showcase your company’s services and products!
